2 March 2018

Dear Parents/Carers,

Following site assessments, the continued amber weather warning and also taking into account driving conditions, the decision was taken to remain closed on Friday 2 March. As a school we have a duty of care to ensure the health and safety of all our students and staff.

Student work

All students should ensure that they complete any outstanding homework before they return to school.

All students have access to useful websites such as Mathswatch (where there is a significant amount of work set relevant to each student's curriculum), Educake and Key Stage 4 students can also access GCSE Pod. These provide important opportunities for independent study.

Year 11 students

Parents have been emailed a copy of the revised Year 11 re-sit PPE plan. The examinations that were to have taken place on Wednesday and Thursday of this week will be taken on Monday and Tuesday of next week (not necessarily in the same order so do please check carefully), subject to the school being open.

Sixth Form students

Sixth form students all have significant amounts of set work, independent work and wider reading that can be completed. Some Year 13 students have been issued with Impact Reports to prepare for PPE re-sits and students should work on their individual tasks from these. Year 12 students should be making revision notes and practising exam questions for forthcoming assessments.

Organisation of folders and exercise books

Students are encouraged to use this time to ensure that their folders and books are all well-ordered, with worksheets stuck in or filed in the correct place.

We realise that this has been a very challenging and disruptive week for all and apologise for any inconvenience this may have caused.

Yours faithfully

Jenna Potter
