Dear Parents / Guardians,

Your son or daughter has been taught Mathematics in mixed ability sets since joining us in September.

Each year we move students into ability sets during the Autumn Term. This year we aim to have made these changes towards the end of October and by the end of the first half term.

The main data used to set students is the Key Stage 2 Maths Scaled Score which the students obtained before they arrived at Richmond School. Where data was missing or in borderline cases we have also used our own baseline assessment that was undertaken earlier this term.

We continue to monitor and report the attainment and progress of students throughout each year. Although some set-movements are subsequently required the majority of any movements normally takes place at the end of each year.

Please contact me with any queries or concerns: [slunn@richmondschool.net](mailto:slunn@richmondschool.net)

Yours sincerely,

Mr S Lunn
